Regional Animal Health, Husbandry & Welfare Officer – Role and Responsibilities

The role of the Animal Health, Husbandry & Welfare Officer is to keep the committee informed of and disease and animal welfare issues in the region.

Generally, you are to:

- 1) Ensure the committee is kept up to date on areas of animal health concerns.
- 2) Ensure that the information provided to the committee is communicated to members.
- 3) Make sure information is provided to the website and social media officer and newsletter officer so it can be communicated to the region's membership.
- 4) Provide information to the training and education officer if appropriate for sessions to be developed to educate the regions membership on these matters.
